INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Library's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

November 1, 2021

Members of the Board of Trustees
Lake Villa Public Library District
Lindenhurst, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lake Villa Public Library District, Illinois as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Library's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Lake Villa Public Library District, Illinois as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lake Villa Public Library District, Illinois' basic financial statements. The other supplementary information and supplemental schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information and supplemental schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2021

Our discussion and analysis of the Lake Villa Public Library District's financial performance provides an overview of the Library's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the Library's financial statements.

FINANCIAL HIGHLIGHTS

- The Library's net position increased from a restated balance of \$30,456,873 to \$31,362,966, an increase of \$906,093 or 3.0 percent.
- During the year, government-wide revenues totaled \$5,449,013, while government-wide expenses totaled \$4,542,920, resulting in an increase to net position of \$906,093.
- Total fund balances for the governmental funds were \$10,730,986 at June 30, 2021 compared to a restated balance of \$9,758,249 in the prior year, an increase of \$972,737 or 10.0 percent.
- Beginning net position was restated due to Library having a capital asset appraisal in the current fiscal year. Additionally, beginning fund balance was restated due to error in the recording of cash.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances.

For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Library's operation in more detail than the government-wide statements by providing information about the Library's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Library's finances, in a manner similar to a private-sector business.

The Statement of Net Position reports information on all of the Library's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Library is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Library's property tax base, is needed to assess the overall health of the Library.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2021

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements – Continued

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements report functions of the Library that are principally supported by taxes and charges for services revenues (governmental activities). The governmental activities of the Library include the cultural function.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Library, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Library only maintains governmental and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Library's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Library maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Bond and Interest Fund, and Special Reserve Fund, all of which are considered major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2021

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

The Library adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Library, assets/deferred outflows exceeded liabilities/deferred inflows by \$31,362,476.

	Net Position	
	2021	2020
Current and Other Assets	\$ 16,451,909	15,899,522
Capital Assets	26,669,422	30,174,390
Total Assets	43,121,331	46,073,912
Deferred Outflows	350,142	426,118
Total Assets/Deferred Outflows	43,471,473	46,500,030
Long-Term Debt Outstanding	5,670,507	6,244,797
Other Liabilities	449,893	1,065,316
Total Liabilities	6,120,400	7,310,113

Total Net Position	31,362,966	33,393,958

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

A large portion of the Library's net position, \$20,959,422, or 66.8 percent, reflects its investment in capital assets (for example, land, buildings, equipment and furniture), less any related debt used to acquire those assets that is still outstanding. The Library uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion, \$304,068, or 1.0 percent, of the Library's net position represents resources that are subject to external restrictions on how they may be used, including \$219,139 for working cash, \$1,382 restricted for liability insurance, \$7,002 restricted for IMRF, \$17,151 restricted for social security, \$926 restricted for audit, and \$58,468 restricted for site and building. The remaining \$10,099,476 represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

	Change in Net Position	
	2021	2020
Revenues		
Program Revenues		
Charges for Services	\$ 3,761	9,124
Operating Grants/Contributions	50,345	50,345
General Revenues		
Property and Replacement Taxes	5,330,176	5,571,088
Interest	(10,391)	297,402
Miscellaneous	75,122	75,023
Total Revenues	<u>5,449,013</u>	<u>6,002,982</u>
Expenses		
Culture and Recreation	4,338,840	3,926,718
Interest on Long-Term Debt	204,080	209,195
	<u>4,542,920</u>	<u>4,135,913</u>
Change in Net Position	906,093	1,867,069
Net Position-Beginning as Restated	<u>30,456,873</u>	<u>31,526,889</u>
Net Position-Ending	<u>31,362,966</u>	<u>33,393,958</u>

Net position of the Library's governmental activities increased from a restated balance of \$30,456,873 to \$31,362,966.

Revenues of \$5,449,013 exceeded expenses of \$4,542,920, resulting in the increase to net position in the current year of \$906,093.

Governmental Activities

In the current year, governmental net position increased \$906,093, an increase of 3.0 percent. Property and Replacement taxes decreased \$240,912 over the prior year (\$5,571,088 in 2020 compared to \$5,330,176 in 2021). The Library received a grant of \$50,345 to help with the new library building.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

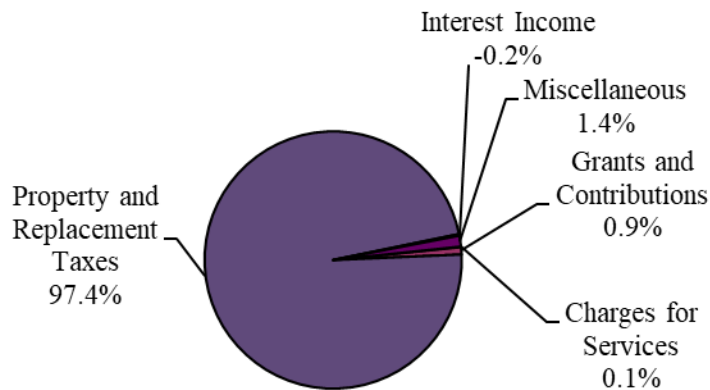

Management's Discussion and Analysis June 30, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

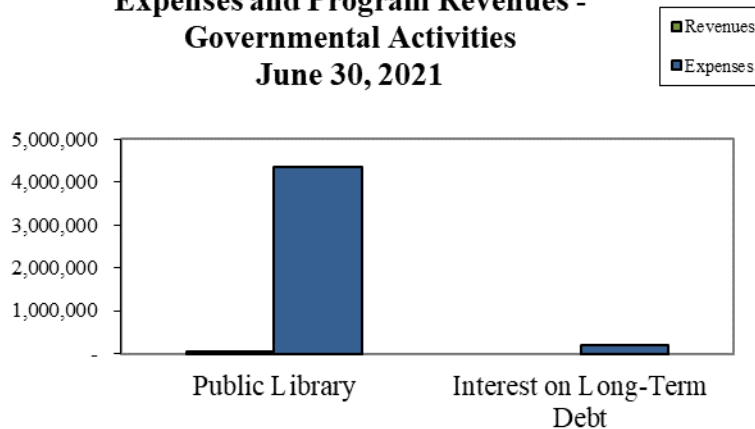

The following table graphically depicts the major revenue sources of the Library. It depicts very clearly the reliance of property taxes to fund governmental activities.

**Revenues by Source - Governmental Activities
June 30, 2021**

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues. The public library functions charge user fees for services provided. The user fees charged do not cover the expenses, which furthermore signifies the Library's reliance on general revenues such as property taxes and personal property replacement taxes to fund operations.

**Expenses and Program Revenues -
Governmental Activities
June 30, 2021**

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2021

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Library uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Library's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$10,730,986 which is 10.0 percent more than last year's restated ending fund balance of \$9,758,249.

In the current year, governmental fund balances increased by \$972,737. The General Fund reported an increase of \$751,511, due primarily to taxes increasing \$277,648 compared to prior year. The Bond and Interest Fund had a decrease of \$350, due primarily to no taxes or interest revenue received in the current fiscal year. The Special Reserve Fund reported an increase of \$403,788, due primarily to \$751,611 transfer in from the General Fund for ongoing planned capital spending on the construction of the new library.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year, no supplemental amendments were made to the budget for the General Fund.

The General Fund actual revenues were higher than budgeted revenues. Actual revenues for the current year were \$5,449,013, compared to budgeted revenues of \$5,445,380. This resulted primarily from intergovernmental and miscellaneous being \$9,261 and \$75,122, respectively, more than expected.

The General Fund actual expenditures were lower than budgeted expenditures. Actual expenditures totaled \$3,224,987, while budgeted expenditures totaled \$3,449,375. This was due primarily to substantial savings realized versus the budgeted expenditures in all culture and recreation areas, except for operations.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2021

CAPITAL ASSETS

The Library's investment in capital assets for its governmental activities as of June 30, 2021 was \$26,669,422 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, land improvements, buildings, computers, furniture and equipment, and books and materials.

	Capital Assets - Net of Depreciation	
	2021	2020
Land	\$ 3,232,884	3,232,884
Construction in Progress	-	21,130,116
Land Improvements	34,997	40,503
Buildings	21,125,729	2,323,998
Computers, Furniture and Equipment	1,871,086	37,694
Books and Material	404,726	390,698
Total	<u>26,669,422</u>	<u>27,155,893</u>

This year's additions to capital assets included:

Computers, Furniture and Equipm	\$ 333,522
Books and Material	<u>208,698</u>
	<u>542,220</u>

Additional information on the Library's capital assets can be found in Note 3 of this report.

LONG-TERM DEBT

At year-end, the Library had total outstanding general obligation bonds of \$5,710,000. The Library issued this debt to fund the shortfall in the Special Reserve – Capital Projects Fund and to pay for the building of the new facility. Additional information on the Library's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

On October 15, 2021, the Library sold the former building at 1001 E. Grand Avenue, Lake Villa, Illinois 60046 for the sum of \$1,250,000. These funds will ultimately be added to the Capital Reserve Fund to pay for site improvements in the future. For Fiscal Year 2022/2023 the Library Board noted to reduce the Property Tax Levy by 3.92% for a total of \$4,907,000. w

As of the date of this report, COVID-19 is still impacting the Library's operations and financial position.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2021

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Library's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Library Director, Lake Villa Public Library District, 140 North Munn Road, Lindenhurst, Illinois 60046.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

For the Fiscal Year Ended June 30, 2021

Net Change in Fund Balances	\$ 972,737
------------------------------------	-------------------

Amounts reported in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	542,220
Depreciation Expense	(1,028,691)
Disposal - Cost	(189,149)
Disposal - Accumulated Depreciation	189,149

The net effect of deferred outflows (inflows) of resources related to the pensions
not reported in the funds.

Change in Deferred Items - IMRF	(498,124)
---------------------------------	-----------

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Change in Compensated Absences Payable	43,920
Change in Net Pension Liability - IMRF	743,598
Retirement of Debt	130,000
Change in Accrued Interest Payable	433

Changes in Net Position	906,093
--------------------------------	----------------

The notes to the financial statements are in integral part of this statement.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Lake Villa Public Library District (Library) of Illinois is located in Lake Villa, Illinois. The purpose of the Library is to provide and ensure access to materials and services to meet the lifelong learning needs of residents and organizations, as well as to create a welcoming place to gather, exchange ideas and participate in cultural events.

REPORTING ENTITY

In determining the financial reporting entity, the Library complies with the provisions of GASB Statement No. 61, “The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34,” and includes all component units that have a significant operational or financial relationship with the Library. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The Library’s basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library’s major funds). The Library only reports governmental activities.

In the government-wide Statement of Net Position, the governmental activities is (a) presented on a consolidated basis, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Library’s net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Library first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Library’s functions. The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Library as an entity and the change in the Library’s net position resulting from the current year’s activities.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements

The financial transactions of the Library are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Library electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a single column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Library or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Library:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Library:

General fund is the general operating fund of the Library. It accounts for all revenues and expenditures of the Library which are not accounted for in other funds. The General Fund is a major fund and includes the Library Account, the Working Cash Account and the Public Library Insurance Account.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Library maintains three nonmajor special revenue funds, which include the Illinois Municipal Retirement Fund, the Social Security Fund, and the Audit Fund.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2021**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Bond and Interest Fund is treated as a major fund and is used to account for the proceeds of tax revenues to retire general obligation debt and make the required payments therefrom.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Library maintains one major capital projects fund, the Special Reserve Fund, which is used to account for capital improvements at the Library. The Library also maintains one nonmajor capital projects fund, the Site and Building Fund.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental funds are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus is utilized.

The accounting objectives of the “economic resources” measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Library recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

Cash and Investments

For the purpose of the Statement of Net Position, cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Library categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2021**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Capital Assets

Capital assets purchased or acquired with an original cost of more than \$5,000 are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Library as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements	25 Years
Buildings and Improvements	10 - 45 Years
Computers, Furniture and Equipment	10 - 20 Years
Library Materials	10 Years

Compensated Absences

The Library accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2021**

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Library establishes the budgetary data reflected in the financial statements by the passage of a combined budget and appropriation and levy ordinance prior to the statutory deadline. The amounts presented in the statements reflect the budgeted amounts. Expenditures for any fund should not exceed the amount appropriated for the fund.

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUND

The following fund had an excess of actual expenditures over budget as of the date of this report:

Fund	Excess
Audit	\$ 200
Bond and Interest	350

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Library maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the Library's funds.

Permitted Deposits and Investments – Statutes authorize the Library to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the Library's deposits totaled \$4,657,595 and the bank balances totaled \$4,684,275.

Investments. The Library has the following investment fair values and maturities:

Investment Type	Investment Maturities (in Years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More Than 10
U.S. Agency Securities	\$ 8,582,500	1,574,308	2,254,199	1,663,067	3,090,926
State and Local Obligations	214,674	214,674	-	-	-
	<u>8,797,174</u>	<u>1,788,982</u>	<u>2,254,199</u>	<u>1,663,067</u>	<u>3,090,926</u>

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2021

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk – Continued

The Library has the following recurring fair value measurements as of June 30, 2021:

- U.S. Agency Securities of \$8,582,500 are valued using a matrix pricing model (Level 2 inputs)
- State and Local Obligations of \$214,674 are valued using a matrix pricing model (Level 2 inputs)

Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Library's investment policy does not specifically limit the maximum maturity length of investments.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in securities authorized by State statute, the Library's investment policy does not further mitigate credit risk. At year-end, the Library's investments in the U.S. Agency securities were rated AA to Aa by Moody's. The Library's investments in state and local obligations were not rated.

Concentration Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the Library's investment in a single issuer. The Library's investment policy does not mitigate concentration risk. At year-end, the Library does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Library's deposits may not be returned to it. The Library's investment policy requires that deposit with financial institutions in excess of FDIC be collateralized with collateral held by an independent third party in the name of the Library. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Library will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party.

PROPERTY TAXES

Property taxes for the 2020 levy attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are collected in two installments in June and September. The County collects such taxes and remits them periodically.

June 30, 2021**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

INTERFUND TRANSFERS – Continued

Transfers are used to move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

LONG-TERM DEBT

General Obligation Bonds

The Library issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities. General obligation bonds are direct obligations and pledge the full faith and credit of the Library. General obligation bonds currently outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation Bonds of 2017, due in annual installments of \$120,000 to \$330,000 plus interest at 3.00% to 4.00% through June 1, 2047.	Bond and Interest	\$ 5,840,000	-	130,000	5,710,000

LONG-TERM LIABILITY ACTIVITY

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Compensated Absences	\$ 163,304	43,920	87,840	119,384	23,877
Net Pension Liability - IMRF	404,154	-	743,598	(339,444)	-
General Obligation Bonds	5,840,000	-	130,000	5,710,000	135,000
	<u>6,407,458</u>	<u>43,920</u>	<u>961,438</u>	<u>5,489,940</u>	<u>158,877</u>

Payments on the compensated absences and the net pension liability are generally made by the General Fund. Payments on the general obligation bonds are made by the Bond and Interest Fund.

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides, "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 2.875% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Assessed Valuation - 2020	<u>\$ 942,105,612</u>
Legal Debt Limit - 2.875% of Assessed Value	27,085,536
Amount of Debt Applicable to Limit General Obligations Bonds of 2017	<u>-</u>
Legal Debt Margin	<u>27,085,536</u>

NET POSITION/FUND BALANCES

Net Position/Fund Balance Restatements

Beginning net position was restated in the current fiscal year due to the Library having an appraisal completed and removing assets under the capitalization threshold. Additionally, the beginning fund balance of the General Fund was restated due to a correction of a prior year error.

Net Position/Fund Balance	As Reported	As Restated	Increase (Decrease)
Governmental Activities	\$ 33,393,958	30,456,873	(2,937,085)
General Fund	1,062,618	1,144,030	81,412

Net Position Classifications

Net investment in capital assets was comprised of the following as of the year end:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 26,669,422
Less Capital Related Debt:	
General Obligation Bonds	<u>(5,710,000)</u>
Net Investment in Capital Assets	<u>20,959,422</u>

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2021

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

NET POSITION/FUND BALANCES – Continued

Fund Balance Classifications

In the governmental funds financial statements, the Library considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Library first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Library's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Library's policy states that the General Fund should maintain a minimum fund balance equal to two to three months of budgeted operating expenditures, excluding transfers and capital expenditures. Fund balances in excess of said levels may be transferred to other funds at the discretion of the Board.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Library’s employees. These risks are provided for through insurance from private insurance companies. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

LAKE VILLA PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2021

NOTE 4 – OTHER INFORMATION – Continued

CONTINGENT LIABILITIES

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Library expects such amounts, if any, to be immaterial.

Litigation

The Library is currently not involved in any litigation.

Financial Impact from COVID-19

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the Library's operations and financial position cannot be determined.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

The Library contributes to one defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF). IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Illinois Municipal Retirement System

Plan Description

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff’s Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2020, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	36
Inactive Plan Members Entitled to but not yet Receiving Benefits	21
Active Plan Members	<u>36</u>
Total	<u><u>93</u></u>

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Contributions. As set by statute, the Library’s Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended June 30, 2021, the District’s contribution was 10.78% of covered payroll.

Net Pension Liability. The Library’s net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2020, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.25%
Inflation	2.25%

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Actuarial Assumptions – Continued. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	28.00%	1.30%
Domestic Equities	37.00%	5.00%
International Equities	18.00%	6.00%
Real Estate	9.00%	6.20%
Blended	7.00%	2.85% - 6.95%
Cash and Cash Equivalents	1.00%	0.70%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Library contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the Library recognized pension expense of \$56,326. At June 30, 2021, the Library reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Differences Between Expected and Actual Experience	\$ 232,426	-	232,426
Changes of Assumptions	27,586	(45,008)	(17,422)
Net difference Between Projected and Actual Earnings on Pension Plan Investments	-	(835,847)	(835,847)
Total Pension Expense			
to be Recognized in Future Periods	260,012	(880,855)	(620,843)
Pension Contributions Made Subsequent to the Measurement Date	90,130	-	90,130
Total Deferred Amounts Related to Pensions	<u>350,142</u>	<u>(880,855)</u>	<u>(530,713)</u>

\$90,130 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2022. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year Ending June 30,	Net Deferred (Inflows) of Resources
2022	\$ (115,973)
2023	(53,070)
2024	(317,392)
2025	(134,408)
2026	-
Thereafter	-
	<u>(620,843)</u>

Notes to the Financial Statements June 30, 2021

NOTE 4 – OTHER INFORMATION – Continued

POST-EMPLOYMENT BENEFITS

The Library has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the Library are required to pay 100% of the current premium. However, there is minimal participation. As the Library provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. Therefore, the Library has not recorded a liability as of June 30, 2021.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Combining Statements - General Fund - by Account
 - Combining Balance Sheet
 - Combining Statement of Revenues, Expenditures, and Changes in Fund Balances
- Budgetary Comparison Schedules - General Fund - by Account
 - Library Account
 - Working Cash Account
 - Public Library Insurance Account
- Budgetary Comparison Schedules - Major Governmental Funds
 - Bond and Interest - Debt Service Fund
 - Special Reserve - Capital Projects Fund
- Combining Statements - Nonmajor Governmental Funds
- Budgetary Comparison Schedules - Nonmajor Governmental Funds
 - Illinois Municipal Retirement - Special Revenue Fund
 - Social Security - Special Revenue Fund
 - Audit - Special Revenue Fund
 - Site and Building - Capital Projects Fund

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund is used to account for the Library's participation in the Illinois Municipal Retirement Fund. Financing is provided by a specific annual property tax levy which produces a sufficient amount to pay the Library's contributions to the fund on behalf of its employees.

Social Security Fund

The Social Security Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for payment of the employer's portion of Federal Social Security and Medicare taxes.

Audit Fund

The Audit Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for the annual audit of the Library.

DEBT SERVICE FUND

The Debt Service Fund is used to account for proceeds of tax revenues to retire general obligation debt and make the required payments therefrom.

INDIVIDUAL FUND DESCRIPTIONS

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary and Trust Funds.

Special Reserve Fund

The Special Reserve Fund is used to account for capital improvements at the library.

Site and Building Fund

The Site and Building Fund is used to account for maintenance costs on the Library's facility.
