

For Immediate Release

Lake Villa District Library Welcomes Tara Caldara as Head of Adult Services

Tara Caldara has joined Lake Villa District Library (LVDL) as Head of Adult Services, bringing 21 years of library experience specializing in technology and developing innovative services.

Caldara's career began at the Zion-Benton Library, where she had the opportunity to take on various roles. Among her many credits, she developed the library's eServices Department, which was dedicated to helping patrons acclimate to new technologies and learn how to access digital content. Additionally, leadership programs such as Synergy and ILEAD U were important components of her career development. "Not only did these programs provide a professional network," said Caldara, "they also showed me that staff can lead from any position."

LVDL's Adult Services Department is responsible for providing library services for people 18 years and older, including reference, collection management, technology training and programming. Caldara comes on board at an exciting time, as construction of the new 60,000 square foot facility is underway. "I am very happy to be at LVDL," said Caldara. "Everyone has been so welcoming."

Caldara received her Master of Library and Information Science degree from the University of Illinois and her BA in History from Columbia College of Missouri. In addition to reading, she also enjoys scrapbooking, sewing and spending time with her family. She lives in Beach Park with her husband Lyle and is a proud grandmother to Sophie and Gemma.

Lake Villa District Library enriches life in our community by connecting people with resources, services and each other.
